

The map displays the United Kingdom with various aviation categories and numerical data points. The categories are defined in the legend:

- VFR (Green):** Visual Flight Rules, covering the majority of the landmass.
- MVFR (Blue):** Marginal Visual Flight Rules, appearing in small patches, notably in the south-east.
- IFR (Red):** Instrument Flight Rules, not visible on this map.
- LIFR (Pink):** Low Instrument Flight Rules, not visible on this map.

Numerical labels are scattered across the map, often corresponding to specific locations or regions. Common values include 13000, 25000, 4000, 3600, 3700, 4100, 3400, 3500, 3900, 4400, 17000, 20000, 7000, 9000, 8500, 8000, 7500, 4800, and 1300. These numbers likely represent altitudes or specific aviation metrics.
