

The map displays the United Kingdom with a grid of numerical values. The values are predominantly 13000, with some variations in the eastern and southern regions. The map is color-coded according to the Aviation Categories legend:

- VFR (Green)
- MVFR (Blue)
- IFR (Red)
- LIFR (Pink)

The map shows a large area of VFR (green) covering most of the country. There are several areas of MVFR (blue) in the northeast and southeast. A small area of IFR (red) is visible in the southeast, and a small area of LIFR (pink) is also present in the southeast.
