

The map displays the United Kingdom with various aviation categories and flight levels. The categories are color-coded: VFR (green), MVFR (blue), IFR (red), and LIFR (pink). Flight levels are indicated by numbers such as 13000, 10000, 7000, 5000, 3000, and 1500. The map shows a high density of 13000 flight levels across most of the country, with some areas of lower levels (e.g., 10000, 7000) in the north and west. There are several areas of MVFR (blue) and IFR (red) along the coastlines, particularly in the north and west. A legend in the bottom right corner identifies the categories: VFR (green), MVFR (blue), IFR (red), and LIFR (pink).
