

The map displays the contiguous United States with various aviation categories overlaid. The background is predominantly green, indicating VFR conditions. Blue areas represent MVFR, red areas represent IFR, and pink areas represent LIFR. These colored regions are concentrated in the central and eastern parts of the country, particularly in the Great Lakes and Ohio River valleys. Numerous numerical values are scattered across the map, likely representing specific flight levels or altitudes. A legend in the bottom right corner, titled "Aviation Categories", provides the key for the colors: green for VFR, blue for MVFR, red for IFR, and pink for LIFR.

Aviation Categories	
Green	VFR
Blue	MVFR
Red	IFR
Pink	LIFR
