

The map displays the following aviation categories and flight levels across the United Kingdom:

- VFR (Green):** The majority of the map, including most of Scotland, the north, and the west.
- MVFR (Blue):** Concentrated in the south and east, particularly around the London area and the English Channel.
- IFR (Red):** Small, localized areas, primarily in the south and east.
- LIFR (Pink):** Very small, localized areas, primarily in the south and east.

Flight levels are indicated by numbers on the map, including 13000, 6500, 1800, 1600, 1400, 1200, 1100, 900, 800, 700, 600, 500, 400, 300, 200, 100, and 000.
