

The map displays the following aviation categories across the United States:

- VFR (Visual Flight Rules):** Represented by green areas, covering the vast majority of the country, including most of the West, Midwest, and South.
- MVFR (Marginal Visual Flight Rules):** Represented by blue areas, scattered in small patches across the country, including parts of the Northeast, Midwest, and South.
- IFR (Instrument Flight Rules):** Represented by red areas, concentrated in the Northeast, particularly around New York City and Washington, D.C.
- LIFR (Low Instrument Flight Rules):** Represented by pink areas, also concentrated in the Northeast, particularly around New York City and Washington, D.C.

The map also shows state boundaries and major cities, providing a geographical context for the aviation data.
