

The map displays the contiguous United States with state boundaries. The background is a light green color, representing VFR (Visual Flight Rules) conditions. Overlaid on this are various colored regions and numerical labels. Blue regions represent MVFR (Marginal Visual Flight Rules) conditions, while red and pink regions represent IFR (Instrument Flight Rules) and LIFR (Low Instrument Flight Rules) conditions, respectively. Numerous numerical labels are scattered across the map, often in black or white text, indicating specific aviation data points such as altitudes or frequencies. For example, '13000' is a common label, appearing in many locations. Other labels include '5000', '1000', '200', '300', '400', '500', '600', '700', '800', '900', '1000', '1100', '1200', '1300', '1400', '1500', '1600', '1700', '1800', '1900', '2000', '2100', '2200', '2300', '2400', '2500', '2600', '2700', '2800', '2900', '3000', '3100', '3200', '3300', '3400', '3500', '3600', '3700', '3800', '3900', '4000', '4100', '4200', '4300', '4400', '4500', '4600', '4700', '4800', '4900', '5000', '5100', '5200', '5300', '5400', '5500', '5600', '5700', '5800', '5900', '6000', '6100', '6200', '6300', '6400', '6500', '6600', '6700', '6800', '6900', '7000', '7100', '7200', '7300', '7400', '7500', '7600', '7700', '7800', '7900', '8000', '8100', '8200', '8300', '8400', '8500', '8600', '8700', '8800', '8900', '9000', '9100', '9200', '9300', '9400', '9500', '9600', '9700', '9800', '9900', '10000', '10100', '10200', '10300', '10400', '10500', '10600', '10700', '10800', '10900', '11000', '11100', '11200', '11300', '11400', '11500', '11600', '11700', '11800', '11900', '12000', '12100', '12200', '12300', '12400', '12500', '12600', '12700', '12800', '12900', '13000', '13100', '13200', '13300', '13400', '13500', '13600', '13700', '13800', '13900', '14000', '14100', '14200', '14300', '14400', '14500', '14600', '14700', '14800', '14900', '15000', '15100', '15200', '15300', '15400', '15500', '15600', '15700', '15800', '15900', '16000', '16100', '16200', '16300', '16400', '16500', '16600', '16700', '16800', '16900', '17000', '17100', '17200', '17300', '17400', '17500', '17600', '17700', '17800', '17900', '18000', '18100', '18200', '18300', '18400', '18500', '18600', '18700', '18800', '18900', '19000', '19100', '19200', '19300', '19400', '19500', '19600', '19700', '19800', '19900', '20000'. A legend in the bottom right corner, titled 'Aviation Categories', defines the color coding: VFR (green), MVFR (blue), IFR (red), and LIFR (pink).
